 Θέμα: Two Advanced Schools at CISM  
 Σπουδαιότητα: Υψηλή

The **International Centre for Mechanical Sciences (CISM)** Udine, Italy, will organize among others the following Advanced Schools:

**Ultrasound Standing Wave Action on Suspensions and Biosuspensions in Micro- and Macro Fluidic Devices**

Udine, June 7 - 11, 2010

Coordinated by Juerg Dual (ETH Zentrum, Zuerich, Switzerland) and Jeremy J. Hawkes (University of Manchester, UK).

Information about the contents of this school and the procedure for admission can be found at <http://www.cism.it/courses/C1002/>.

**Nano- and Micro-Mechanics of Living Cell Adhesion**

Udine, June 14 - 18, 2010

Coordinated by Fabrizio Cleri (Université des Sciences et Technologies de Lille, France) and Antonio Di Carlo (Università Roma Tre, Italy).

Information about the contents of this school and the procedure for admission can be found at <http://www.cism.it/courses/C1003/>.

The above CISM's courses may be of interest to you and/or to your co-workers and doctoral students.

Thank you for your kind consideration.

Best regards,

Professor Bernhard Schrefler  
 Secretary General of CISM

Professor Giulio Maier  
 Resident Rector of CISM

CISM is a non-profit institution
