Invitation to Seminar

It is our pleasure to invite you to the following Seminar:

Title: “On Dual Fuel Combustion in IC Engines”

Speaker: Professor Konstantinos Boulouchos
Laboratory of Aerothermochemistry and Combustion Systems, ETH Zurich

Friday, April 28, 2017, 14:30h
School of Mechanical Engineering
Seminar Room 1st floor, Building “O”

In this talk Prof. K. Boulouchos will present the topic of dual fuel combustion in internal combustion engines. His presentation will also include an overview of the research activities of the Laboratory of Aerothermochemistry and Combustion Systems of ETH Zurich.

The talk is delivered in the frame of the Marie Curie ITN ECCO-MATE (<http://ecco-mate.eu/>)

On behalf of the Lab. of Heterogeneous Mixtures
and Combustion Systems

Prof. M. Founti
