

## ΠΡΟΣΚΛΗΣΗ

Ο Τομέας Μηχανολογικών Κατασκευών & Αυτομάτου Ελέγχου της Σχολής Μηχανολόγων Μηχανικών ΕΜΠ, προσκαλεί τα μέλη της Πολυτεχνειακής κοινότητας, την **Τρίτη 23 Μαΐου 2023, ώρα 17:00, στην Αίθουσα Εκδηλώσεων του Κτιρίου Διοίκησης στην Πολυτεχνειούπολη Ζωγράφου**, στην παρουσίαση της Altair Engineering, με τίτλο «Engineering the future: Mastering Simulation, Data Analytics & AI, HPC & Cloud»

Κατά τη διάρκεια της παρουσίασης, ο Dr. Τσιορακλίδης Λάζαρος, Managing Director Altair Hellenic, και ο Dr. Νατσιάβας Παναγιώτης, Technical Manager, East Europe, θα μιλήσουν για την ευρεία γκάμα λύσεων λογισμικού που προσφέρει η Altair στους τομείς της προσομοίωσης, ανάλυσης δεδομένων & τεχνητής νοημοσύνης, υπολογιστικής υψηλών επιδόσεων & Cloud, προβάλλοντας πραγματικά παραδείγματα εφαρμογής των προϊόντων σε ενδιαφέρουσες επιστημονικές περιοχές. Επιπλέον, θα μιλήσουν για την ανθρωποκεντρική κουλτούρα της εταιρίας και το καινοτόμο πρόγραμμα πρακτικής άσκησης που προσφέρει.

## JOIN OUR ALTAIR TECHNOLOGY PRESENTATION

**“ENGINEERING THE FUTURE; MASTERING SIMULATION, DATA ANALYTICS & AI, HPC & CLOUD.”**

**LEVERAGING COMPUTATIONAL SCIENCE TO DRIVE INTELLIGENT DECISIONS AND INNOVATION FOR A MORE CONNECTED, SAFE, AND SUSTAINABLE FUTURE**

**May 23, 2023**

Are you a tech enthusiast? Are you passionate about the latest trends in simulation-driven design, data analytics, AI, HPC & Cloud? Are you a student or recent graduate looking for the best-in-class technology to support your studies or your next career steps? Come and join us for an exciting talk hosted by Altair Engineering, a global leader in computational science and artificial intelligence (AI).

For nearly 40 years, Altair enables organizations in nearly every industry to compete more effectively in a connected world, while striving for a more sustainable future. With our technologies woven into the fabric of everyday life, chances are Altair's solutions are all around you, keeping you safer, more connected, and more productive. Our simulation and AI-driven approach to innovation is powered by our broad portfolio of high-fidelity, physics-based solvers, best-in-class technology for optimization and HPC, and end-to-end platform for developing AI solutions.

### Topics Covered:

- Altair at a Glance: learn more about Altair, our mission & our great culture.
- Altair Technologies: our broad portfolio of products in Simulation, Data Analytics, and AI, HPC & Cloud
- Real-life cases: how do Altair solutions solve some of our customers' toughest challenges

Join us in an evening of networking, learning, and discussions. Don't miss the chance to meet our Managing Director, Altair Hellenic, as well as our Technical Manager of East Europe, who will be sharing their insights and experiences with you.

**Block your calendar!**

**When: Tuesday 23rd of May, at 17.00-19.00 pm.**

**Where: Event Hall of the Administration Building at the Polytechnic Campus in Zografou**
