Ceremony Hall - Lysandros Kaftantzoglou, Averof Building

WELCOME LETTER

Dear Colleagues, Students, Customers and Friends of the Refrigeration Industry, It is my great pleasure and honor to welcome you to a special event celebrating World Refrigeration Day 2025, which we are delighted to host for the first time in Greece, at the National Technical University of Athens, NTUA.

This year's theme, «Cool Skills,» highlights a vital pillar: technical skills, both for the training of young people and for the continuous development of experienced professionals. In an era of great technological progress and innovation, modern technical competencies are essential for business sustainability and environmental protection.

I would like to sincerely thank all participants — speakers, students, and professionals — as well as the organizers for today's event. Special thanks go to the NTUA for its hospitality and to our sponsors for their support.

I wish you all a joyful and inspiring World Refrigeration Day - the 'coolest' event of your professional calendar this year!

Sincerely Yours,
Stephen Gill
World Refrigeration Day – Athens 2025

Cool Skills

World Refrigeration Day

AGENDA

9:30-10:00 Welcome - Coffee & Networking

10:00-12:00 Opening & Greetings

Moderator: Professor Emm. Rogdakis

10:00-10:30 Opening & Greetings
