"The road to IBISBA-GR"

 **Date:** Tuesday, 8 July 2025

 **Location:** Administration Building NTUA, Ground floor ([Google maps](#))

 **Time:** 09:30

 **Physical presence only** – registration required [here](#)

The **IPSEN – Industrial Process Systems Engineering Unit** of NTUA is pleased to invite you to the upcoming **InfoDay**:

Industrial Biotechnology Accelerator InfoDay: The road to IBISBA-GR

This informative event will highlight the **IBISBA-GR initiative**, the Greek node of the broader **European IBISBA infrastructure**, which supports **industrial biotechnology** through cutting-edge **research, collaboration, and technology transfer**.

If you are working in the fields of **industrial biotechnology, research infrastructure, or innovation acceleration**, this event is designed for you.

🔍 Highlights of the event:

- Presentation of the **vision and goals** of IBISBA-GR
- Overview of **Greece's role** within the European IBISBA network
- Opportunities for **collaboration, funding, and access to advanced technologies**
- Networking with **stakeholders from academia, industry, and policy**
- Information on how to engage with and benefit from the **IBISBA-GR Accelerator**

Meet the team behind IBISBA-GR and become part of a growing ecosystem that drives the **bioeconomy in Greece and Europe**.

🔗 More information and registration available [here](#)

We look forward to welcoming you to NTUA!
