18 – 23.05.2026 at LUT University in Lappeenranta, Finland

Applications open on **December 17th**, 2025, and close on **January 7th**, 2026.

Within the framework of the European University Alliance EULiST “European Universities Linking Society and Technology”, LUT University in Finland is organizing an Erasmus+ **Blended Intensive Programme (BIP)** focused on **developing global citizenship through interculturality and sustainability**. The programme is open to students from all partner universities interested in participating, with each university responsible for selecting its own participants.

LEARNING OBJECTIVES:

- To learn about global citizenship and its role in sustainable development goals
- To understand cultural similarities and differences and theoretical frameworks connected with them
- To develop a global mindset and intercultural competence through working in multicultural teams
- To learn about how to manage diversity and boost inclusion at workplaces

KEY CONTENTS:

1. Understanding global citizenship, sustainable development goals and cultural implications relevant to their implementation
2. Understanding culture, cultural differences and similarities and developing intercultural sensitivity
3. Awareness of inequalities for selected groups of minorities
4. How to manage especially cultural diversity at work
5. Developing intercultural competence through multicultural teamwork

FUNDING OPPORTUNITIES:

- Students can get an Erasmus+ grant from their home university to cover expenses during the BIP. This grant consists of a daily allowance of 79€/day and a travel support which depends on distance and will be between 300-580€. Daily allowance will be paid also for the travel days.
